This live recording was made at the Southern California Regional Worship Symposium held at Pasadena City College, January 14, 1984, hosted by Living Waters Temple, Pasadena, CA.

Most of this beautiful worship music occurred spontaneously. Songs and melodies were received by the anointing of the Holy Spirit. Only the three numbers by the choir and orchestra and the duet by the Hibberts were previously rehearsed.

Living Waters Temple appreciates the delegates to the Southern California Regional Worship Symposium who came from over 70 churches to make this beautiful music possible.

*"And I heard a voice from heaven, as the voice of many waters; and as a voice of a great thunder . . . and they sung as it were a new song before the throne . . ."*

Revelation 14:2-3
